Annual Index

to

ELECTRICAL ENGINEERING

for

Volume 74, 1955

This section contains complete multientry indexes covering the contents of *Electrical Engineering* for the calendar year 1955. It includes all special articles and authors, all news items, and all items published in *Electrical Engineering* on AIEE technical program papers, whether they appear in the form of a digest, essential full text, or full text. The technical program papers are indexed also by both title and author.

With further reference to technical program papers, if a *Digest* appears, it will be listed as (Digest of 55-000). If the essential full text or the full text appears, it will be listed simply as (55-000).

The contents are arranged according to **Subject** and **Author Index** listing articles, authors, **Institute Activities,** and **Of Current Interest** items with a **Biographical Index** of personal and obituary items on AIEE members.

Page Allocations by Issues

January	1–94
February	95–176
March	177–272
April	273–366
May	367–456
June	457–558
July	559–638
August	639–752
September	753–862
October	863–952
November	953–1038
December	1039–1124

Subject Index

A-C Release of Thermoelectric Devices. Beta. (CP55-237).....227-30
A-C Servo Applications, Transistor Demodulator for Magnetic Amplifiers in. Decker. (55-67)..590-9
A-C Windings, A Circuit for Measuring the Resistance of Energized. Seely. (Digest of 55-23).....57
ACSR Conductor Sizes for Distribution Systems, A Method for Determining Economical. Funkhouser, Huber. (Digest of 55-159).....383
(AIEE) Building Our Future. Monteith.....177-8
(AIEE) Let's Do More Planning Ahead. Monteith.....457-8
(AIEE) Planning for the Future. Monteith.....639-41
(AIEE) The Institute Adopts Deficit Budget. Purnell.....1
(ASME) What the Engineer Has Meant to Communication. Engstrom.....274-7
Accelerator, 45-Mev Medical Linear Electron. Hsieh..790-5
Additions to z-Transformation Theory for Sampled-Data Systems. Lago. (Digest of 54-523).....138
Adjustable Lin-O-Phase Filter, Design of the. Lee. (Digest of 55-78).....315
Adjustable-Speed Drives and Their Use in the Paper Industry. Buford, Shaad.....676-81
Admittance, Rapid Measurement of Impedance and. Salsberg, Marini. (Digest of 55-211).....503
Aging Measured by Shearing Modulus, Insulation. Whitman, Scheideler. (Digest of 55-35).....993
Air Circuit Breaker, A New 5-Kv 50,000-Kva De-ion. Frink, Kozlovic. (CP55-721).....1072-7
Air Circuit Breaker, A 69-Kv Compressed- Kane, Walker. (Digest of 55-218).....578
Air Supply System for Compressed Air Circuit Breakers. Schrameck. (CP55-227).....646-9
Air-Traffic-Control Information, Electronic Processing of. Kalb. (55-147).....374-7
Aircraft, Design of Electric Systems in Jet Fighter. Godfrey.....1050-2
Aircraft, Emergency Electric Systems for Jet. Smallberg.....1004-06
Aircraft Windshields Heated with Transparent Conductive Films. Ward. (Digest of 54-525).....103
Alloy Junction Diode as a Reference Standard in Regulated Metallic Rectifier Circuits, Silicon. Smith. (Digest of 54-417).....43
Aluminum Anodizing, Electric Equipment for. Griffith.....384-7
Aluminum Distribution Conductors in the Philadelphia Electric Company, Design Problems with. Nelson, Garrett. (Digest of 55-249).....336
Amplifier Distortion Analysis and Measurement, Audio. Keller.....490-5
Amplifiers Broaden Field for Application of Electric Drives, Integrating. Beck. (DP55-373)...901-04
Analogue Computing Technique Using Magnetic Amplifiers, An. Davis, Swift. (Digest of 54-389).....158
Analogues Through Conformal Mapping, Improving Field. Farr, Keen. (Digest of 55-105).....399
Analysis and Design of a Magnetic Frequency Multiplier. Smith, Salihi. (Digest of 55-69).....519
Analysis and Measurement, Audio Amplifier Distortion. Keller.....490-5
Analysis of a D-C Electromagnet with Cutout Switch, Transient. Lee. (Digest of 55-85).....226
Analysis of Backlash in Feedback Control Systems. Vallese. (Digest of 55-15).....1053
Analysis of Errors in Sampled-Data Systems. Sklansky, Ragazzini. (Digest of 55-189).....606
Analysis of Magnetic Amplifiers by the Use of Difference Equations. Johannessen. (Digest of 54-509).129
Analysis of Optimum Core Configuration for Magnetic Amplifiers, An. Bedford, Willis, Dodson. (Digest of 55-68).....694
Analytical Expressions for the Resistance of Grounding Systems. Schwarz. (Digest of 54-201).....150
Analytical Method for the Design of Relay Servomechanisms, An. Hart. (Digest of 55-187).1009
Analyzers, Computer for Automatizing Network. Kusko, Heller. (Digest of 55-5).....1066
Anechoic Chamber for Noise Tests on Transformers, An. Benoit, Hemmes, Schulz. (Digest of 55-26)....398
Anodizing, Electric Equipment for Aluminum. Griffith.....384-7
Appliance Design, Surface Emissivity as a Factor in. Smith.....1054-8
Application of Electric Drives, Integrating Amplifiers Broaden Field for. Beck. (DP55-373)....901-04
Application of Germanium Power Rectifiers. Crenshaw. (55-138).....418-22
Applications of Statistics to Motor Testing. Oldenkamp. (Digest of 55-286).....671
Appraisal of Delays in "Gate Type" Operation, The. Molnar. (Digest of 55-466).....1095
Arc-Furnace Loads, Voltage Dip and Synchronous Condenser Swings Caused by. Concordia. (Digest of 55-448).....1059
Area Type Titanium Dioxide Rectifiers, High Temperature. Gorton, Shilliday, Eggleston.....904-07
(Argonne) Nuclear Power Reactors. McLain:
Part I.....44-9
Part II.....144-8
Arithmetic and Control Circuits, Magnetic Elements in. Auerbach, Dixson.....766-70
Armature End Iron of Large Turbine Generators, Stray Losses in the. Winchester. (Digest of 55-130).....415
Armature Winding, A Method of Finding Equalizer Section for D-C. Tsao, Tsang. (Digest of 54-367).....281
Armature Windings, Some Factors Influencing the Temperature Rise of. Liwschitz-Garik. (Digest of 55-275).....1067
Arnold Engineering Development Center Power System. Goodman.....771-4
Asymmetry Zero-Drift Errors in Magnetic Servo Amplifiers, Elimination of. Geyger. (Digest of 55-59)..431
(Atlantic) A Transatlantic Telephone Cable. Kelly, Radley, Gilman, Halsey. (55-230).....192-7
Atmosphere Electrostatic Potential, Measuring and Recording. Carroll, Hammond, Stewart. (55-489).....690-3
Atomic Energy, Education and. Libby.....642-4
(Atomic Energy) Nuclear Power Plants for Ship-Propulsion Application. Witzke, Haverstick...116-21
(Atomic Energy) Nuclear Reactor Control. Harrer.....230-3
(Atomic Energy) Possible Energy Trends. Barnard.....292-4
(Atomic Energy) Safety Aspects of Nuclear Reactor Control. Owens, Pigott.....306-09
Atomic Power Plant, The Shippingport. Fleger..892-4
Audio Amplifier Distortion Analysis and Measurement. Keller.....490-5
Audio-Frequency Impulse Noise and Microphonism, Quality Screening for. Wohl, Winkler.....54-6
Automatic Field Plotter, An. Gelfand, Shinn, Tuteur. (Digest of 55-104).....660
Automatic Weighing, Electric Transducers for. Bell.....926-8
Automatically Switched Capacitors in Step on a Single Distribution Feeder. Fowler, Thomas. (Digest of 55-91).....469
Automation—A Survey. Bibbero.....775-80
Automation by Signal Control, Textile. Casper. (55-174).....238-42
Automation for Gravity Freight Classification Yards. Dasburg. (55-754).....986-90
Automation in the Process Industries, The Engineer and. Lee.....371-3
Automation, The Roots of. Burnham.....681-3
Automatizing Network Analyzers, Computer for. Kusko, Heller. (Digest of 55-5).....1066

B

Backlash in Feedback Control Systems, Analysis of. Vallese. (Digest of 55-15).....1053
Bandwidth, Control System Design for Minimum. Newton. (Digest of 55-194).....689
Banks by Current-Biased Induction-Voltage Relay, Switching of Substation Capacitor. Osteen, McCullough. (CP55-17).....586-8
Banks, Intermittently Increased Kilovar Output of Large Capacitor. Minder. (Digest of 55-356)....579
Bars of Squirrel-Cage Rotors, Computation of Skin-Effect in. Liwschitz-Garik. (Digest of 55-271)....781
Bases, The New Look in Lamp. Geisbuhler. (55-262).....414
Basic Circuitry for Pipe-Line Pump Stations Under Remote Control. Hyde, Derr. (55-63)...504-09
Basic Problems in Film Pickup for TV Broadcasting. Gore. (55-457).....600-04
(Basic Sciences) A Continuous-Flow Moisture Device. Beavers, Shimanski, Timpane. (Digest of 55-83)....416
(Basic Sciences) A Simplified Mathematical Approach to Hysteresis Losses. Armstrong.....1060
(Basic Sciences) An Automatic Field Plotter. Gelfand Shinn, Tuteur. (Digest of 55-104).....660
(Basic Sciences) Dielectric Behavior of Some Fluorogases and Their Mixtures With Nitrogen. Camilli, Liao, Plump. (CP55-241).....580-4
(Basic Sciences) Electric Breakdown of Perfluorocarbon Vapors. Berberich, Works, Lindsay. (Digest of 55-493).....788
(Basic Sciences) Improving Field Analogues Through Conformal Mapping. Farr, Keen. (Digest of 55-105).....399
(Basic Sciences) Insulation Aging Measured by Shearing Modulus. Whitman, Scheideler. (Digest of 55-35).....993
(Basic Sciences) Recommendations of IEC Technical Committee 24: Electric and Magnetic Magnitudes and Units. Smith. (55-49).....406-08
(Basic Sciences) Some Electrical and Thermal Characteristics of Helium and Sulfur-Hexafluoride Mixtures. Cobine. (55-10).....520-3
(Basic Sciences) Test of Thermal Stability of Magnet Wire Enamel. Currin, Dexter. (Digest of 55-46)....322
Beam Pumping Equipment, Maintenance of Electric. Scott.....324-6
Behavior of Some Fluorogases and Their Mixtures with Nitrogen, Dielectric. Camilli, Liao, Plump. (CP55-241).....580-4
Beta Particles, Radiation Counter for. Williams. (DP55-306).....595-8
Bibliography on Insulated Conductors, Classified. Hickernell.....567-9
Bistable Operation, Magnetic Amplifiers in. Finzi, Feth. (Digest of 55-539).....1008
Blood-Count Meter, An Electronic. Frommer..388-91
Board for Portable Watthour Meter Standards, A Test. Levitsky. (Digest of 55-150).....605
Board of Directors, Report of the.....709-40
Booster-Station Allocation Developments, Satellite- and. Reed.....962-5
Breakdown of Perfluorocarbon Vapors, Electric. Berberich, Works, Lindsay. (Digest of 55-493)....788
Broad Survey of Engineering Profession Essential. Hollister.....1085-7
Broadcasting, Basic Problems in Film Pickup for TV. Gore. (55-457).....600-04
Broadcasting System, Technical Development of the Voice of America International. Martin, Ross, Jacobs.....459-64
Buckley, Oliver Ellsworth—1954 Edison Medalist.....209-12
Budget, The Institute Adopts Deficit. Purnell.....1
(Budget) We're in the Red. Barrett.....95
Building Our Future. Monteith.....177-8
Burma, Standards for. (Letter) Hill.....557
Bushings, Progress in the Evaluation of Solid-Core High-Voltage. Brustle, Johnston, Scheideler. (Digest of 55-176).....594
Business Machines, Magnetic Memory Device for. Begun. (CP55-243).....466-8
Business Machines to Electric Utility Load Forecasting, The Application of. Gruetter. (Digest of 55-450)....1078

C

Cable, A Transatlantic Telephone. Kelly, Radley, Gilman, Halsey. (55-230).....192-7
Cables, Shielding of Communications. Gooding, Slade. (Digest of 55-198).....524
Calculating Locomotive Performance, Charts for. Charlton. (Digest of 55-209).....884
Calculating Servomechanism Transient Response, A Series Method of. Stallard. (Digest of 55-192)....666
Calculator, An Experimental Transistorised. Bruce, Logue.....1044-8
Capacitor Banks by Current-Biased Induction-Voltage Relay, Switching of Substation. Osteen, McCullough. (CP55-17).....586-8
Capacitor Banks, Intermittently Increased Kilovar Output of Large. Minder. (Digest of 55-356)....579
Capacitors in Step on a Single Distribution Feeder, Automatically Switched. Fowler, Thomas. (Digest of 55-91).....469
Capture Effect in a Narrow-Band Frequency, An Investigation of the. Hedges. (Digest of 55-79)....303
Carrier and Microwave in Power System Operation, Progress of. Boadway.....49-52
Carrier Channels, The Use of Tone Modulation Over Complex. Carter. (54-321).....310-14
Cars, A New Power Supply for Railway. Bredenberg. (Digest of 55-205).....789
Cars for the New Haven Railroad, Ignitron Multiple-Unit. Ames, Dowden. (55-202A).....408-13
Cavity Filters for Multiplexing of 900-Mc Radio-Relay Systems, Coaxial. Kebby. (55-200).....425-9
Central Office Communications Equipment, Protection Against Electric Shock From. Jones. (55-426)....810-13
Chamber for Noise Tests on Transformers, An Anechoic. Benoit, Hemmes, Schulz. (Digest of 55-26)....398
Channels, The Use of Tone Modulation Over Complex Carrier. Carter. (54-321).....310-14
Characteristics of Helium and Sulfur-Hexafluoride Mixtures, Some Electrical and Thermal. Cobine. (55-10).....520-3
Charts for Calculating Locomotive Performance. Charlton. (Digest of 55-209).....884

Chemical Plants, Grounding, Bonding, and Lightning Protection in Oil Refineries and. Benjamin, Cundelan. 400–03
Circuit, A Multistable Transistor. Henle. 570–2
Circuit Breaker, A New 5-Kv 50,000-Kva De-ion Air. Frink, Kozlovic. (CP55-721). 1072–7
Circuit Breaker, A 69-Kv Compressed-Air. Kane, Walker. (Digest of 55-218). 578
Circuit Breaker at Sporn Power Plant, Tests on 138-Kv High Speed Oil. Naef, Hambrick. (Digest of 55-222). 925
Circuit Breakers, Air Supply System for Compressed Air. Schrameck. (CP55-227). 646–9
Circuit Breakers for Switching 230-Kv Lines, Design Problems Concerning. Umphrey, Marsden. (Digest of 55-223). 599
Circuit Clearing, Power Class Recloser for High Speed. Field, Leatherberry. (Digest of 55-510). 895
Circuit Drawing, An Improved Detached-Contact Type of Schematic. Meyer. (Digest of 55-467). 645
Circuit for Electronic Measurements, A Novel. Ahmed. (Digest of 55-1). 1049
Circuit for Measuring the Resistance of Energized A-C Windings, A. Seely. (Digest of 55-23). 57
Circuit for Nonventilated Induction Motors, An Equivalent Thermal. Kotnik. (Digest of 54-381). 213
Circuitry for Pipe-Line Pump Stations Under Remote Control, Basic. Hyde, Derr. (55-63). 504–09
Circuits, Engineering Multistage Diode Logic. Yokelson, Ulrich. (Digest of 55-431). 1079
Circuits for Recurrent Surge Oscillography, New. Davis. (CP55-464). 919–23
Circuits, Laminates for Printed. Skow. 1092–3
Circuits, Magnetic Elements in Arithmetic and Control. Auerbach, Dinson. 766–70
Circuits Program, National Bureau of Standards Preferred. Muncy. 1088–90
Classification Yards, Automation for Gravity Freight. Dasburg. (55-54). 986–90
Classified Bibliography on Insulated Conductors. Hickernell. 567–9
Clearing, Power Class Recloser for High Speed Circuit. Field, Leatherberry. (Digest of 55-510). 895
Closed Circuit Television, Developments in. Kraus. (55-687). 974–9
Coal and Kilowatts. Monteith. 30–2
Coaxial Cavity Filters for Multiplexing of 900-Mc Radio-Relay Systems. Kebby. (55-200). 425–9
Codes of Ethics, The Philosophy of. Fuller. 916–18
College Electrical Laboratories, Safety in. Coover. 151–3
Color Kinescope, Development of the RCA 21-Inch Metal-Envelope. Seelen, Moodey, VanOrmer, Morrell. 330–5
Color-Video Transmission Over Intercity Television Networks. Harms. (DP55-290). 667–70
Commercial Areas, Economics of Higher Voltages in. Lawrence, Reps. (Digest of 55-481). 796
(Committee Report) Effect of Shock and Vibration on Relays. (Digest of 55-97). 489
(Committee Report) Glossary of Some Telemetering Terms. 153–6
(Committee Report) High School Teachers of Science. 304–05
Committees and Officers for 1955–56. 837–50
Committees, Progress in Engineering During 1954 Reviewed by Technical. 2–3, 18–29
Commonplace Things, The Science of. Suits. 753–8
(Communication) A Transatlantic Telephone Cable. Kelly, Radley, Gilman, Halsey. (55-230). 192–7
(Communication) Engineering Multistage Diode Logic Circuits. Yokelson, Ulrich. (Digest of 55-431). 1079
Communication, What the Engineer Has Meant to. Engstrom. 274–7
Communication—Where Do We Go From Here? Bush. 367–70
(Communication) The Appraisal of Delays in "Gate Type" Operation. Molnar. (Digest of 55-466). 1095
Communications Cables, Shielding of. Gooding, Slade. (Digest of 55-198). 524
Communications Equipment, Protection Against Electric Shock From Central Office. Jones. (55-426). 810–13
Company, Obligations of Engineering Management in a Large Decentralized. Linder. 1039–43
Complex Carrier Channels, The Use of Tone Modulation Over. Carter. (54–321). 310–14
Complex Electronic Equipment, Reliability in. Scheer. 1062–5
Compounds in Transformer Oil, Polar. Johnson. (Digest of 55-279). 984
Compressed-Air Circuit Breaker, A 69-Kv. Kane, Walker. (Digest of 55-218). 578
Compressed Air Circuit Breakers, Air Supply System for. Schrameck. (CP55-227). 646–9
Compressional Stress on Magnetic Laminations, Effects of Transverse. Fischell. (Digest of 55-171). . . . 585
Compute the Thawing of Line Ice, How to. Spaderna. 923–4
Computer, An Incremental Cost of Power Delivered. Early, Phillips, Shreve. (Digest of 55-141). 481
Computer for Automatizing Network Analyzers. Kusko, Heller. (Digest of 55-5). 1066
Computer Plug-In Units and Associated Equipment, Digital. Harris, McNamara. 326–9
Computers, Examples of Engineering Applications on IBM Digital. Liggett. 233–5
(Computing Devices) An Experimental Transistorized Calculator. Bruce, Logue. 1044–8
(Computing Devices) Electronic Processing of Air-Traffic-Control Information. Kalb. (55-147). 374–7
(Computing Devices) Magnetic Elements in Arithmetic and Control Circuits. Auerbach, Dinson. 766–70
(Computing Devices) Magnetic Memory Device for Business Machines. Begun. (CP55-243). . . . 466–8
Computing Technique Using Magnetic Amplifiers, An Analogue. Davis, Swift. (Digest of 54-389). 158
Condenser Swings Caused by Arc-Furnace Loads, Voltage Dip and Synchronous. Concordia. (Digest of 55-448). 1059
Conductive Films, Aircraft Windshields Heated with Transparent. Ward. (Digest of 54-525). 103
Conductor Material for Turbine Generators, Improved Field. Holley, Savidge. (Digest of 55-131). . . . 323
Conductor Sizes for Distribution Systems, A Method for Determining Economical ACSR. Funkhouser, Huber. (Digest of 55-159). 383
Conductors in the Philadelphia Electric Company, Design Problems with Aluminum Distribution. Nelson, Garrett. (Digest of 55-249). 336
Conformal Mapping, Improving Field Analogues Through. Farr, Keen. (Digest of 55-105). . . . 399
Contact Transistor Test Set, A Point-. Hill. 59–62
Contact Type of Schematic Circuit Drawing, An Improved Detached-. Meyer. (Digest of 55-467). 645
Continuous-Flow Moisture Device, A. Beavers, Shimanski, Timpane. (Digest of 55-83). 416
Control Circuits, Magnetic Elements in Arithmetic and. Auerbach, Dinson. 766–70
Control, Electronic Facilities. DeMatteis. 650–4
Control for Fluorescent Lamps, Variable-Reactance Dimming. Kershaw. 378–82
Control, Nuclear Reactor. Harrer. 230–3
Control of D-C Motors, Magnetic-Amplifier. Kusko, Nelson. (Digest of 55-60). 404
Control, Safety Aspects of Nuclear Reactor. Owens, Pigott. 306–09
Control System Design for Minimum Bandwidth. Newton. (Digest of 55-194). 689
Core Configuration for Magnetic Amplifiers, An Analysis of Optimum. Bedford, Willis, Dodson. (Digest of 55-68). 694
Corona on Traveling Waves, Effects of. Wagner, Lloyd. (Digest of 55-453). 1071
Correction on a System Basis, Evaluation of Power Factor. Tomlinson, Bigelow. (Digest of 54-385). 63
Corrosion on Rural Electric Distribution Lines, Underground. Zastrow. (Digest of 55-113). 417
Cost of Power Delivered Computer, An Incremental. Early, Phillips, Shreve. (Digest of 55-141). . . . 481
Costs, Designing to Reduce Maintenance. Frankenfield. 139–41
Counsel and Modern Management, Economic. Haas. 298–302
Counter for Beta Particles, Radiation. Williams. (DP55-306). 595–8
Coupled Windings, Oscillations of. Abetti, Adams, Maginnis. (Digest of 55-29). 1002
Current-Biased Induction-Voltage Relay, Switching of Substation Capacitor Banks by. Osteen, McCullough. (CP55-17). 586–8
Current Sources for Electric Defibrillation, Field. Betz. (Digest of 55-87). 128
Cutout Switch, Transient Analysis of a D-C Electromagnet with. Lee. (Digest of 55-85). 226
Cyclic Integrator Measures Frequency Response. Dunnegan, Harnden. (Digest of 54-260). 285

D

Darkness, The Hazard of Sudden. Ellis. 33–8
Data, Frequency Response from Transient-Response. Thal-Larsen. (Digest of 55-191). 518
Data-Recorder for Dense Storage of Continuous Voltages, Digital. Hollander. (Digest of 54-318). 430
Data Systems, Analysis of Errors in Sampled. Sklansky, Ragazzini. (Digest of 55-189). 606
D-C Armature Winding, A Method of Finding Equalizer Section for. Tsao, Tsang. (Digest of 54-367). 281
D-C Electromagnet with Cutout Switch, Transient Analysis of a. Lee. (Digest of 55-85). 226
D-C Insulation Tester, A Versatile High-Voltage. McLean. (CP55-16). 496–8
D-C Motor, Equations Depicting the Operation of the. Ahlquist. (54-319). 316–21
D-C Motors and Generators, New NEMA Standards for. Davis. (CP55-727). 1080–5
D-C Motors, Magnetic-Amplifier Control of. Kusko, Nelson. (Digest of 55-60). 404
deBellis, Aldo M.—1954 Lamme Medalist. 662–5
Defibrillation, Electric. Kouwenhoven, Milnor. (55-95). 218–20
Defibrillation, Field Current Sources for Electric. Betz. (Digest of 55-87). 128
De-ion Air Circuit Breaker, A New 5-Kv 50,000-Kva. Frink, Kozlovic. (CP55-721). 1072–7
Delays in "Gate Type" Operation, The Appraisal of. Molnar. (Digest of 55-466). 1095
Demodulator for Magnetic Amplifiers in A-C Servo Applications, Transistor. Decker. (55-67). 590–2
Dense Storage of Continuous Voltages, Digital Data-Recorder for. Hollander. (Digest of 54-318). 430
Design, European Practices in Power-Line. Fritz. (Digest of 55-149). 589
Design for Minimum Bandwidth, Control System. Newton. (Digest of 55-194). 689
Design of a High-Power Rectifier Locomotive. Ogden. (Digest of 55-208). 973
Design of Electric Systems in Jet Fighter Aircraft. Godfrey. 1050–2
Design of Relay Servomechanisms, An Analytical Method for the. Hart. (Digest of 55-187). . . 1009
Design of the Adjustable Lin-O-Phase Filter. Lee. (Digest of 55-78). 315
Design Problems Concerning Circuit Breakers for Switching 230-Kv Lines. Umphrey, Marsden. (Digest of 55-223). 599
Design Problems with Aluminum Distribution Conductors in the Philadelphia Electric Company. Nelson, Garrett. (Digest of 55-249). 336
Designing to Reduce Maintenance Costs. Frankenfield. 139–41
Detached-Contact Type of Schematic Circuit Drawing, An Improved. Meyer. (Digest of 55-467). . . . 645
Detection of Grounds in Generator Field Windings. Barkle, Sterrett, Fountain. (Digest of 55-125). . 423
Detectors, A New Temperature Relay for Use with Resistance Temperature. Hodges. (CP55-616). 998–1001
Detectors for Infrared Systems, Photoconductive. Paulson. 214–18
Detroit, Residential Electric Space Heating in. Bush, Woodward. (Digest of 55-232). 814
Development, A National Survey of Scientific Research and. Waterman. 654–9
Development of the RCA 21-Inch Metal-Envelope Color Kinescope. Seelen, Moodey, VanOrmer, Morrell. 330–5
Development, The First Five Years of Professional. Monteith. 98–100
Developments in Closed Circuit Television. Kraus. (55-687). 974–9
Developments in Electronics, New. Sarnoff. 179–83
Developments, 1954 Engineering. 4–17
Device, A Continuous-Flow Moisture. Beavers, Shimanski, Timpane. (Digest of 55-83). 416
Device for Business Machines, Magnetic Memory. Begun. (CP55-243). 466–8
Device Using Transistors, A Time-Delay. Pittman. (55-74). 498–501
Devices, A-C Release of Thermoelectric. Betz. (CP55-237). 227–30
Devices in the Feedback Loop of Regulated Metallic Rectifiers, Semiconductor. Hamilton. (Digest of 54-418). 149
Dielectric Behavior of Some Fluorogases and Their Mixtures With Nitrogen. Camilli, Liao, Plump. (CP55-241). 580–4
Dielectric Constant at Ultrahigh Frequencies, Measurements of Materials with High. Schwan, Li. (Digest of 54-524). 24
Dielectrics, Gamma Radiation Effects on Liquid. Callinan. (CP55-103). 510–15
Dielectrics, The Mechanical Engineering of. Maxwell. 870–3
Difference Equations, Analysis of Magnetic Amplifiers by the Use of. Johannessen. (Digest of 54-509). 129
Digital Computer Plug-In Units and Associated Equipment. Harris, McNamara. 326–9
Digital Computers, Examples of Engineering Applications on IBM. Liggett. 233–5
Digital Data-Recorder for Dense Storage of Continuous Voltages. Hollander. (Digest of 54-318). 430
Dimming Control for Fluorescent Lamps, Variable-Reactance. Kershaw. 378–82
Diode as a Reference Standard in Regulated Metallic Rectifier Circuits, Silicon Alloy Junction. Smith. (Digest of 54-417). 43
Diode Logic Circuits, Engineering Multistage. Yokelson, Ulrich. (Digest of 55-431). 1079
Dioxide Rectifiers, High Temperature Area Type Titanium. Gorton, Shilliday, Eggleston. 904–07

Discharge on Oil Surfaces, Propagation Mechanism of. Anderson, Liao. (Digest of 55-36)....909
Distortion Analysis and Measurement, Audio Amplifier. Keller....490–5
Distribution Conductors in the Philadelphia Electric Company, Design Problems with Aluminum. Nelson, Garrett. (Digest of 55-249)....336
Distribution Feeder, Automatically Switched Capacitors in Step on a Single. Fowler, Thomas. (Digest of 55-91)....469
Distribution Lines, Underground Corrosion on Rural Electric. Zastrow. (Digest of 55-113)....417
Distribution Substation and Primary Feeder Planning. Denton, Reps. (55-158)....804–09
Distribution Substation Equipment, Methods of By-Passing. Hubert, Smith. (CP55-169)....470–5
Distribution Systems, A Method for Determining Economical ACSR Conductor Sizes for. Funkhouser, Huber. (Digest of 55-159)....383
Distribution Systems, Reliability of Leaded and Non-leaded Secondary. Leinbach, Xenis. (Digest of 54-338)....199
Distribution Transformers, Impulse Tests On Low-Voltage Windings of. Holcomb. (CP55-27)....573–7
Divisions for Electronic Equipment, Standard Functional. Shultz, Waltz. (CP55-607)....896–900
Drives and Their Use in the Paper Industry, Adjustable-Speed. Buford, Shaad....676–81
Drives, Integrating Amplifiers Broaden Field for Application of Electric. Beck. (DP55-373)....901–04
Dry-Type Transformer Insulation, Silicone-Organic Resin Combinations for. Simmons, Scheideler. (Digest of 55-43)....157
Dry-Type Transformers, Functional Life Tests of Insulation Systems for. Narbut. (Digest of 55-449)....1061
(Dues) Letter from the President. Monteith....273

Committee Chairmen Considers Operating Procedures, Forum of Technical 250
Committee Chairmen Hold Meeting June 30, Technical 829
Committees and Officers for 1955–56 ... 837–50
Committees Approved by AIEE Board of Directors, Three New 824
(Conference Papers) Forum of Technical Committee Chairmen Considers Operating Procedures ... 250
Conference Papers Now Available, Summer Meeting ... 829
Conference Papers Open for Discussion 438, 542, 704, 828, 1013, 1101
Conference Set for May 6 at Ohio State, Engineers and Architects 437
CONFERENCES, TECHNICAL:
Aircraft Electrical Applications Conference. (AIEE) (1955):
August 11 is Deadline for Papers 702
Date of Conference Changed to October 25–27 ... 702
Deadline Set for Aircraft Papers—Conference to Be Held in Los Angeles 435
Navy Fighter Plane, The XFY-1. (Photo) ... 932
Program, Tentative 931
Television City, Inspection Trip to. (Photo) ... 931
To Be Held in Los Angeles 830, 931
Application of Motors to Space Heating and Cooling Equipment. (AIEE) (1955):
Chase-Park Plaza Hotel. (Photo) 936
Program, Tentative 936
To Be Held in St. Louis, October 19–20 ... 702, 936
Computer Conference, Eastern. (AIEE/IRE/ACM) (1954):
Attendance over 1,750 159
Computer Conference, Eastern. (AIEE/IRE/ACM) (1955):
Program, Tentative Technical 937
To Be Held November 7–9 in Boston ... 831, 937
Computer Conference, Western. (AIEE/IRE/ACM) (1955):
Date Set for March 1–3, 1955 in Los Angeles, Calif. 76, 159
Computer Conference, Western. (AIEE/IRE/ACM) (1956):
Papers Solicited for 1956 Conference to be Held in San Francisco, February 8–10 831
Domestic Appliance Conference (AIEE) 1955:
Program Listed 433
To Be Held May 23–24, 1955 in Cleveland ... 433
Electric Heating Conference (AIEE) (1955):
Program, Tentative 345
To Be Held in Chicago, May 10–11 ... 258, 438
Electrical Techniques in Medicine and Biology. (AIEE/IRE/ISA) (1954):
Attendance More Than 150 76
Conference Committee Asks for Papers ... 160
Held in Chicago, November 10–12, 1954 ... 76
Electrical Techniques in Medicine and Biology. (AIEE, IRE, ISA) (1955):
Scheduled for November 14–16, 1955 ... 1013
To Be Held in November 1955 ... 346
Electrical Utilization of Aluminum Conference (AIEE) (1955):
Aerial View of Pittsburgh. (Photo) ... 252
Attendance Totalled 585 537
Proceedings to Be Published 537
Program Listed 252
Three-day Meeting Planned for March 15–17 in Pittsburgh 75, 160
Electronics Components Conference (1955):
Attendance 1,200; Proceedings Available ... 613, 834
To Be Held in Los Angeles, May 26–27 ... 346
Electronic Materials and Components Conference (AIEE/IRE) (1955):
Program, Tentative Technical 536
Scheduled for June 2–3 in Philadelphia ... 536
Farm Electrification Conference. (AIEE) (1955):
Attendance Was 211 434
Program Listed 251
To Be Held March 8–10, 1955 in Chicago ... 160
Heating and Cooling Space Equipment Conference (AIEE) (1955):
Scheduled for October 19–20 in St. Louis ... 831
High Frequency Measurements Conference (AIEE/IRE/USRI/NBS) (1955):
Attendance About 350 250
Industrial Electronics Conference. (AIEE/IRE) (1955):
Program, Tentative Technical 831
To Be Held September 28–29 in Detroit ... 702
Magnetic Amplifiers Conference (AIEE, IRE, ISA) (1956):
Scheduled for April 1956 1108
Magnetism and Magnetic Materials Conference. (AIEE/APS/AIME/CIT) (1955):
Proceedings Are Now Available 1013
Program, Tentative Technical 535
Scheduled for June 14–16, 1955 in Pittsburgh, Pa. 346, 434
Materials Handling Conference (1955):
Papers and Discussions To Be Published ... 538
Program Announced 256
To Be Held in Cleveland, March 28–29 ... 256
Petroleum Industry Conference. (AIEE) (1955):
Attendance Totalled 428 1011
Held in Texas—1956 Meeting to be in Missouri ... 1011
Inspection Trip to Humble Oil and Refining Company's Baytown Refinery. (Photo) ... 827
Program, Tentative Technical 699
Second Conference Planned for September 12–14, 1955 in Houston 612, 699, 827
Rubber and Plastics Conference (1955):
Program Announced 255
Program Announced, Revised 346
To Be Held in Akron, Ohio, April 4–5 ... 255
Telemetering Conference (AIEE, IRE, IAS, ISA) (1955):
Program, Advance 344
Telemetering Conference Publication Available in Limited Quantities 702
To Take Place May 18–20 in Chicago ... 344
Textile Conference, Atlantic. (1954):
Attendance Totalled 200 77
Held in Raleigh, N.C., November 4–5, 1954 ... 77
Textile Conference, Southern. (1955):
Attendance Approximately 150 538
Held in Raleigh, N.C., March 3–4 ... 538
Textile Industry Electrical Equipment Conference. (AIEE) (1955):
Program, Tentative 1012
To Be Held in Raleigh, N.C., November 3 ... 1012
Transistor Circuits (AIEE/IRE) (1955):
Attendance Approximately 700 348
Members of the National Committee. (Photo) ... 348
Program 74
To Take Place February 17–18 in Philadelphia ... 74

Meetings, Future AIEE 65, 159, 243, 339, 433, 527, 611, 699, 819, 932, 1011, 1103
MEETINGS, GENERAL:
Fall General Meeting, Chicago, Ill., October 3–7, 1955:
Attendance Approximately 1,750 1098
Convenes in Chicago 1010
Forum of Technical Committee Chairmen Held During Meeting 1101
Museum of Science and Industry. (Photo) ... 817
New Will County Generating Plant. (Photo) ... 816

Night View of the Whiting Refinery of the Standard Oil Company. (Photo)....817
Program, Tentative Technical....818
Prudential Building to be Inspected by Members....613
Sessions Held in Chicago....1098
Skyline View of Chicago. (Photo)....701
To Be Held in Chicago....701
To Feature Communication and Rotating Machinery....816
Summer General Meeting, Swampscott, Mass., June 27–July 1, 1955:
Anchor Chain for the Forrestal Aircraft Carrier at Easton Naval Shipyard. (Photo)....529
Annual Meeting....434
General Radio Company, Inspection Trip to....532
General Session, A Successful Meeting is Indicated at Opening of....700
Inspection Trips Scheduled, Variety of....342
Massachusetts Institute of Technology. (Photo)..432
Meeting Highlights. (Photos)....701, 822
Meeting Promises Diversified Program, Excellent Vacation....432
Program, Tentative Technical....528
Pulpwood Yard at Champion-International Company, Lawrence, Mass. (Photo)....531
Report on the Student Branches Committee Conference Held at Summer Meeting....821
Sailboats Huddle Off the Coast of Marblehead, Mass. (Photo)....526
Saugus Iron Works, Inspection Trip to....529
Technical Sessions, Highlights of....822
To Combine Business and Pleasure....257
To Provide Diversified Program and Vacation Opportunity....526
Turbine-Gear Division of the General Electric Works at Lynn. (Photo)....530
U.S.S. Timmerman Will be Visited at Boston Naval Shipyard. (Photo)....532
Pacific General Meeting, Butte, Mont., August 15–18, 1955:
Anaconda Copper Mining Company, Trip to ...537
Committee Chairmen. (Photo)....435
Final Arrangements for Meeting....696
Hooven, M. D., Being Inducted Into Tribe. (Photo)....930
Hungry Horse Project. (Photo)....697
Kelley Mine of the Anaconda Company in Butte. (Photo)....696
Offers Technical Program, Western Entertainment....435
Old Faithful Geyser in Yellowstone. (Photo)....697
Plans Are Near Completion....610
Program, Tentative Technical....698
Provides Subject Matter on Western Engineering Practices....929
Scheduled to be Held in Butte....537
Speakers at the General Session. (Photo)....929
Vigilantes Committee. (Photo)....930
Winter General Meeting, New York, N.Y., January 31–February 4, 1955:
Astoria Generating Station of Consolidated Edison Company. (Photo)....73
Attendance Approximately 4,650....243
Control Room for the Cosmotron at Brookhaven National Laboratory. (Photo)....67
Engineering Societies Library Welcomes Members' Visits....74
Eta Kappa Nu Recognizes Young and Eminent Engineers....247
Ford Automobile Company's Assembly Plant, Inspection Trip to. (Photo)....66
Medals Presented....243, 244
Meeting Highlights. (Photos)....245
Night View of Hazel Blast Furnace of U.S. Steel's Fairless Works. (Photo)....65
One of the Largest AIEE Technical Programs to be Offered at Meeting....65
Program, Tentative Technical....68
Section Delegates Conference Provides Exchange of Views on Various Activities....246
Technical Sessions Overflow....243
Winter General Meeting, New York, N.Y., January 30–February 3, 1956:
Air View of U.S. Merchant Marine Academy, Kings Point, L.I....1110
43 Technical Committees Plan 109 Technical Sessions....1110
Informal Tea....1010
Technical Papers Anticipated, 380....1010
Meetings, Policies on AIEE General and District....851
Membership for Life, First Father and Son to Hold...612
Membership, Transfers and Election....86, 169, 261, 357, 443, 547, 624, 836, 947, 1021, 1113

N

National Electronics Conference Scheduled for October 3–5 in Chicago....830
Nominating Committee Will Meet in New York City....75, 1106

O

Officers and Committees for 1955–56....837–50
(Officers) Official Nominees Announced for 1955 AIEE National Election....257
Officers to be Voted Upon for 1956, Nomination of AIEE....1012

P

Paper Competition, Central Indiana Section Sponsors Annual Student....436
Papers, Prize Awards Announced for Institute and Student Papers....161
Policies on AIEE General and District Meetings....851
Preprint Prices....252, 698, 932
Price Increases for Volume 74 of the 1955 AIEE Transactions, Announcement of....345
Prize Awards Announced for Institute and Student Papers....161
Prizes in Various Classifications, Annual AIEE....1107
Prizes (See Awards)

Q

Quarles, D. A., is Past President of AIEE, New Air Force Secretary....935
Questionnaire Brings Large Response, AIEE Employment....78

R

Report of the Board of Directors....709–40

S

St. Lawrence Power Project, New York Section Hears Story of....539
Scholarships (See Awards)
SECTION ACTIVITIES:
AIEE and IES Sections Cosponsor Meeting....439
Allentown Division of Lehigh Section Holds Meeting. (Photo)....349
Baltimore Hears Talk on High Fidelity....615
Baton Rouge Subsection is Now Chartered AIEE Section, Former....435
Central Indiana Section Sponsors Annual Student Paper Competition....436
Dallas Members Hear Electrochemist at Meeting..542
Dayton Tours Wright-Patterson Base....258
Erie Holds Final Meeting of Season....704
Georgia Section, New Officers of. (Photo)....1014
Golden Anniversaries, Two AIEE Sections Celebrate. (Photos)....351
Lehigh Valley Holds Annual Safety Meeting....616
Lehigh Valley Honors Past Chairmen....702
Lehigh Valley Section, Incoming and Outgoing Board of Managers. (Photos)....934
Maryland Celebrates Golden Anniversary....351
Maryland to Celebrate 50th Anniversary....79
Memphis Members See Wave Demonstrator. (Photo)....438
Mexico Has Three Guest Speakers....703
Mexico Invites Visiting Members to Meetings....834
Michigan, Admiral K. M. McManes Is Speaker at..347
Michigan, Brigadier General H. D. Vogel Addresses..437
Michigan Communications Technical Group Meets. (Photo)....437
Michigan Honors Past Chairman....617
Minnesota Section Establishes Two Scholarships, Red River Valley Division of the....439
New Hampshire Holds Final Meeting of the Year..614
New Hampshire Meets....439
New York Hears Story of St. Lawrence Power Project....539
New York Section, AIEE Fellows Honored at....347
New York Section, Atomic Energy Study Program to be Presented at....828
New York Visits Railroad Company....617
North Carolina Meeting, Wrist Radio Demonstrated at....542
North Carolina Members, Communication "Miracles" Seen by....78
North Texas Visits Generating Station. (Photos)...80
Ohio Valley Installs Officers. (Photo)....1108
Philadelphia Makes New Organizational Plans....831
Philadelphia Section Members at ACM National Meeting....1109
Pittsburgh Celebrates 52nd Anniversary....615
Providence Section Sponsors Student Branch Competition....538
Ridgway Scholarship, First Woman Qualifies for..703
San Diego Past Chairmen Meet. (Photo)....350
San Francisco Honors AIEE Fellow....613
Schenectady Visits International Paper Company.165
Seattle Celebrates Golden Anniversary....351
Seattle Is Host to Washington University Branch..616
Section and Student Branch Meetings, AIEE 1954–55....1022
Section Delegates and Sections Committee Confer at Meeting Held June 28, 1955....825
South Texas Observes 12th Anniversary....165
Spokane Section Holds Final Meeting of the Year..704
Tampa Committee Plans Southern District Meeting..163
West Michigan Receives AIEE Charter. (Photo).350
West Virginia Section Honors Past Chairmen....163
(STANDARDS) Insulation Classification Changes Suggested by Co-ordinating Committee....934
STUDENT BRANCH ACTIVITIES:
Denver Wins District Membership Contest....163
District No. 1 Student Prize and Counselor Activities Announced....610
District 5 Student Paper Competition, Five Winners for....614
District 6 Student Branches Meet; Hold Conference April 22–23....613
District 7 Student Winner Announced....618
Louisiana Tech Branch Visits Dallas for Field Trip....347
Missouri Mines Branch Hears Speakers from Industry....346
Missouri Mines Branch Plays Host as Banquet....78
Missouri School of Mines Branch, AIEE News at the. (Photos)....543
Missouri School of Mines Branch Closes an Active Year....538
Newark College of Engineering, First Student Meeting of....1109
Report on the Student Branches Committee Conference Held at Summer Meeting....821
Student Affiliates, Affiliate Branches Reported on by Student Branches Committee....836
Student Branch Counselors, AIEE Vice-Presidents Meet With....833
Student Branch Meetings, AIEE Section and. (1954–55)....1022
Student Paper Competition, Five Winners for District 5....614
Student Winners Announced for New York City District....541
Student Winners Visit NBC and RCA....615
Union College Branch is Host for Joint Meeting...438
Union College Branch Makes "Class of '59 Weekend" Success....541
Villanova Student Members Hear Two Alumni Speak....348
Villanova Students Hold Two Meetings in March..541
Villanova Students Learn About Building Construction on Campus....347
Virginia Polytechnic Branch Enters Float in Parade....257

T

Technical Committee Chairmen Considers Operating Procedures, Forum of....250
Tesla Centennial Proposed for Next Year....612
Transactions, Announcement of Price Increases for Volume 74 of the 1955 AIEE....345

V

Vice Presidents Meet With Student Branch Counselors....833

Engineers' Council for Professional Development:
Criteria for Accreditation Announced....1105
Publishes Papers on Training in Modern Industry....436
Survey of Engineering Profession Proposed at Annual Meeting....1105
Engineers Joint Council:
Brig. Gen. S. E. Reinel Retires as Secretary of EJC....538
Dr. Thorndike Saville Re-elected President....437
Elects New Constituent Society and First Associate....438
Figures Published on 1955 Engineering Graduates....348
Final Estimates Published on 1955 Engineering Graduates....540
Holds First General Assembly....253
Issues Annual Report....435
Publishes Results of Engineers' Income Survey....263
To Hold First Open General Assembly on January 21....75
Engineers Prune Verbiage in Letter-Writing Course..174
Eta Kappa Nu:
Achievement Award Goes to Missouri School of Mines....161
Annual Dinner Held at Henry Hudson Hotel January 31....247
New Engineering Career Film Topic at Meeting..744
Expedition, Navy Icebreaker Embarks for Antarctic Scientific....175

F

Fellowships (See Awards)
Fighter Pilots, Fixed Gunnery Trainer Aids in Teaching 454
Film Demonstrated, Thin Translucent Acid-Proof . . 1118
Film Test Laboratory Opened, Customer Service . . . 1121
Fire in Aircraft Engines, Electronic System Spots . . . 744
(Fish and Wildlife Service, U.S.) Closed-Circuit Television Proves Effective in Underwater Research 1024
Flight Dispatch Uses Automatic Reservation Device, Airlines 451
Flood Emergency, Boy Keeps 5-Day Vigil During . . . 950
Florida, Research on Thunderstorms is Undertaken in 862
Fluorescent Lighting is Installed in Union College Field House, First Large 400-Cycle 549
Ford Instrument Company, Museum is Dedicated at 550
Forest Fires, TV Cameras Aid Rangers in Detecting . . 745

G

Gas Turbine Power Plant Designed for Use as an Emergency Unit, Mobile 853
General Electric Company:
Direct Amplification of Light Achieved by Newly Developed Phosphor Cell 170
G-E Building Dedicated for Metals and Ceramics Research, New 948
Impedance Switch Enables Control of Lamps by Touch 745
Installs Automatic Control of Speaker Magnet Production 556
Miniature Lamp Designed for Use on "Hot" Appliances 267
New Dual-Cycle Boiling Reactor Will Power Largest All-Nuclear Station 625
New Traffic Light System to be Radio Controlled . . 267
Nontracking Butyl Insulation Developed for High Voltage Uses 1033
Power From Prototype Reactor Produced for Niagara Mohawk 856
Scientists Make Small Diamonds in Industrial Research Laboratory 363
Generating Plant to be Built Along Ohio River, Million-Kw 175
Generating Unit Exploded at Ridgeland Station 171
Generators Installed at McNary Dam on Columbia River, Fourteen 175
German Advances, Annual Report Shows West 859
Glass Screens Designed for Cathode Ray Tubes, Precision 173
Graduates, College Recruiting Trends Show Many Opportunities for 174
Graduates, Figures Published on 1955 Engineering . . . 348
Graduates, Final Estimates Published on 1955 Engineering 540
Guided Missile, Navy's Newest. (Photo) 859
Gunnery Trainer Aids in Teaching Fighter Pilots, Fixed 454

(Oak Ridge) Opportunity for Training in Nuclear Reactor Engineering 265
(Oak Ridge) Partial Schedule of Courses for Radioisotope Study 1035
Oak Ridge Summer Session, High School Science Teachers to Have 363
Offshore Radar Platform Ready for East Coast Installation, First 629
Ohio Brass Company, Scholarships Given by the 175
Ohio River, Million-Kw Generating Plant to be Built Along 175
Ohio Valley Electric Corporation Plants, Insulation Contributes to Efficiency of 1115
(Okonite Company) New Test Equipment Detects Flaws in Electric Cable 1025

Optical Lenses, New Formulas Permit Speedier Design of....1034
Otis Elevator Engineers Demonstrate New Trav-O-lator and Elevoice....949
Ovens Provide Speed in Cooking, Modern Electronic.172

P

Paint-Drying Time of Autos, Flexible Infrared Oven Walls Lessen....552
Pakistan by Seeding the Air with Salt, Rain Produced in....628
Pathologists, Color Television Used in First Intercity Consultation and Diagnosis by....262
Patterns, Microphone Has Remote Controlled Directional....90
Pennsylvania State University Receives Reactor License from AEC....861
Phosphor Cell, Direct Amplification of Light Achieved by Newly Developed....170
Photoconductivity Was Held in Atlantic City, Conference on....173
Pickups and Accelerometers Calibrated by New Means....269
Plant Facilities, "Electronic Supervisor" Developed for the Control of....453
Polytechnic Institute of Brooklyn:
International Symposium Planned on Modern Network Synthesis....362
16 Honorary Degrees Bestowed by Institute....1108
Power Conference to be Held March 30–31, 1955, in Chicago, American....256
Power Plant Designed for Use as an Emergency Unit, Mobile Gas Turbine....853
Power Supply for Direct-Coupled Circuits, Low-Capacitance....271
Press Operators, New Air Valve Protects....1031
Printed Circuitry Panels, Newly Designed Control Uses....452
Printed Circuits, Assembly Machine Designed for Production of....359
Prizes (See Awards)
Projection Lamp Developed by Navy Engineers, High-Intensity....175
Publication Tells Causes for Dissatisfaction Among Engineers....360
Publicity for Research Sponsored, Backed by Engineering Foundation....611
Puerto Rico, New Dam and Reservoir Built in....174

Sweden Will Have Largest Subterranean Steam Power Plant....952
Symposium on Instrumentation to be Held at Patrick Air Force Base....361
Symposium Planned on Applied Solar Energy....950
Symposium Planned on Modern Network Synthesis, International....362
(Syracuse University) Scatter Radio Propagation Experiments Are Initiated....553

T

(TACAN) New Radio Navigation System for Aircraft Provides Maximum Accuracy of Information....548
TACAN Radio System Provides Instant Contact Between Carrier and Plane....1114
Tape Control Will Automatize Precision Boring, Honeywell....554
Tape Storage System for Railroad Automatic Classification, New....1035
Tappan Stove to Average Consumer, First Electronic Range Offered by....1117
Technical Writers' Institute Has Sessions on Handbooks....365
Telephone, Army Develops First Voice-Powered....1120
Telephone Cable to Span Atlantic from Newfoundland to Scotland, Laying of First Transoceanic....741
Telephone Center Begins Operation in St. Louis, New Long-Distance....550
Telephone Circuit Controls, Silicon Carbide Grain Used in....270
Telephone Sets Used to Summon Aid in Emergencies, Outdoor....1029
Telephone System Designed for Use by Field Services, 12-Channel....551
(Telephone) Three Long-Distance Centers are Placed in Operation....89
(Teletype) New Tape Storage System for Railroad Automatic Classification....1035
Television and Motion Picture Cameras Combined....89
Television Cameras Aid Rangers in Detecting Forest Fires....745
Television, Color, Used in First Intercity Consultation and Diagnosis by Pathologists....262
Television Effective in Supervising Highway Traffic 1028
"Television Eye," Signatures Checked in Drive-In Bank by....1035
(Television Film) Electronicam System Offers Advantages to Broadcasters....552
Television in September, Britain Will Begin Transmission of Commercial....742
Television Pictures in Color, Scanner System Permits Pickup of....630
Television Proves Effective in Underwater Research, Closed-Circuit....1024
Television Transmitting Tower Erected Atop Mt. Mansfield, Vt....452
Television Tried in Airline Operations, Closed Circuit....1027
Test Equipment Detects Hidden Flaws in Electric Cable New....1025
Thunderstorms is Undertaken in Florida, Research on....862
Thyroid I-131 Uptake, Scientists Measure....1028
Tool, Cobalt 60 is Utilized in Powerful New Inspection....633
Touch, Impedance Switch Enables Control of Lamps by....745
Traffic-Light System to be Radio Controlled, New....267
"Traffic Light" Utilizes One of World's Brightest Searchlights, Sky Highway....626
Traffic, Television Effective in Supervising Highway1028
Transformer Windings, Aluminum Strips Reduce Size of....1024
Transistor Computer for Air Force, Bell Labs Develops All-....447
Transistor Made to Perform at Record-High Frequencies....1029
Transistor Makes Small Computer Possible, Surface-Barrier....555
Transistor Radio Made Available for Consumer Use, New....89
Transistor Symposium Offered at University of Michigan....627
Transistors are Assembled by Robot Device, Experimental....361
Transistors Can Be Used in High-Frequency Applications, Improved....633
Travelers Checks, New Electronic Device Reads....747
Trav-O-lator and Elevoice, Otis Engineers Demonstrate New....949
(Tube) Micro-Miniature Triode Developed for Electronic Equipment....1026
Tube That Simulates Typesetting Translates Codes at 100,000 Words Per Minute, New....446
Tube Uses Gas Which Traps Electrons, Image Amplifier....858

U

UHF Signals 200 Miles, Bell Labs and MIT Send....450
Ultrasonic Device Probes Materials for Development of Defects....266
Ultrasonic Equipment, Many Practical Applications Found for....362
Ultrasonic Soldering Iron Permits Fluxless Soldering..552
Underwater Cables Planned by Telephone Company, Construction of....1034
Underwater Device Measures Speed of Sound Automatically....747
Underwater Research, Closed-Circuit Television Proves Effective in....1024
Union College Field House, First Large 400-Cycle Fluorescent Lighting is Installed in....459
United Engineering Trustees:
Barrett, W. J., Becomes President of UET....346
University of California, Atomic Particle Discovered by AEC and....1116
University of California, First Atomic Energy Reactor Designed for Research at....854
University of Florida, Summer Sessions in Statistics Held at....173
University of Michigan, Courses in Automatic Control Offered at....363
University of Michigan, Nuclear Reactors to be Studied at....364, 448
University of Michigan, Summer Transistor Symposium Offered at....627

University of Pennsylvania, Operations Analysts Train for Air Force at....1033
(U.S.S. Forrestal) New TACAN Radio System Provides Instant Contact Between Carrier and Plane....1114
